The teeth should not be forgotten. The value of good teeth cannot be overestimated. Dental work properly done before it is too late spares one a great deal of pain, and will often preserve the teeth for a life time. Long practice in dentistry, as in all professions, makes perfect. I have had the practice and can guarantee good work. Office at residence south-east of F. C. & P. depot. J. O. Hayes.

The "orange dog" is the name of a caterpillar which has a countenance very much resembling that of a species of the monkey tribe. This caterpillar feeds on the leaves of the orange tree and has a voracious appetite. After the webbing up process it emerges a large, beautiful butterfly.—Tampa Tribune.] If this voracious insect can tolerate nothing but orange leaves it has our sympathy. Starvation is eminent.

Education is something more than chips of Greek or Latin. To succeed in this world one must have practical knowledge and common sense. For example, when you are bilious do not postpone action until your system is enfeebled. Ask Starke Drug Co., your druggist, for Raymond's Tonic Liver Pills (and pellets), and take the different medicines as prescribed. The total is only 25 cents. Sample dose free.

The children, and some of the older ones, of the Presbyterian Sunday school enjoyed a day's outing at Kingsley Lake Tuesday. Well-filled baskets were carried and a bountiful spread was partaken of at the noon hour. Messrs. T. A. Knight and J. M. Truby permanently ingratiated themselves in the affections of the little men and women by erecting swings and hammocks for them and doing the hundred and one little things that added to the pleasures of the day. It is said to have been a very refreshing sight to see these staid merchants wading into the lake with some of the little ones mounted on their backs.

There is an ordinance against the blocking of the sidewalks in the town of Starke. Its provisions are hereby commended to the perusal of the marshal, and its enforcement called for by a "long suffering public." It is not an infrequent occurrence to see some portions of Call street so blocked by chairs, boxes, barrels and loafers that ladies cross the street to avoid the unpleasant task of worming their way through the motley crowd, and to avoid overhearing the criticisms that are too frequently passed upon them. Of course nothing but a blackguard and a knave will be guilty of commenting upon ladies as they pass along the street, but every town has its share of these individuals and they should be ordered to "move on" by the police. Now, if there is zeal on the administrative officers of our town government, here is a magnificent opportunity to air it.

The TELEGRAPH extends congratulations and best wishes.

Are you taking **SIMMONS' LIVER REGULATOR**, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is **BETTER THAN PILLS**, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons' Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zellin & Co., Philadelphia.
